2.	4 weeks ago	<p>I extend my deepest gratitude and appreciation to Dr. Karim Sarhan, a specialist in general surgery, for the outstanding medical care and exceptional attention he provided me throughout my treatment.</p> <p>I underwent surgery to remove a cancerous tumor from my colon, and thanks to God and then to the skill of Dr. Karim Sarhan, the operation was a success. Today, a year and a half later, I am living a normal life, praise be to God. May God reward you abundantly and place your efforts on the scale of your good deeds. With sincere appreciation and gratitude, your brother, Mohammed Rashid</p>	https://share.google/tMnJq08WCWvMz6qdE

4.	7 weeks ago	<p>My esteemed doctor,</p> <p>I extend my sincere thanks and appreciation for your outstanding efforts and high professionalism during the procedure. You were not only an outstanding doctor in your work, but also a refined human being in your interactions. I thank you for your concern for the patient and for giving him the opportunity to ask questions, and for your calm manner in explaining the case with clarity and reassurance. Words of thanks are insufficient to express my gratitude. After God, you were the source of my comfort and reassurance.</p> <p>May God reward you abundantly and bless your knowledge and work. I ask God to grant you continued health and success.</p>	https://share.google/WdIxKW7NlV4cMktf2
5.	4 months ago	<p>Thank God that God has blessed me with a very excellent and highly respected doctor, Dr. Karim. I hope to God that he will grant him success in every step of his life, God willing, just as he made me happy with his dealings with me and his communication with me after the operation to check on my health and safety every day and raise my morale and with his patients in all aspects. I do not know how to describe my experience with the doctor, and if I describe my experience, I may not be able to do justice to the description, other than to say, may God grant you success and reward you with all good, Dr. Karim. Praise be to God before and after.</p>	https://share.google/u4yy1qLr0Sc7VDlh
